

## Mt. San Antonio College CISB11

### LAB: Input Devices

Assume you have used a time machine to move forward 50 years. You exit the time machine in front of a Wal-Mart. You enter the store and notice that the employees and customers are using many different input devices to work and/or shop. Below, list ten input devices you might find in a future Wal-Mart, a short description of each device, and how the device may be used in a future Wal-Mart. The input devices you choose must be described in the textbook (you cannot make up your own devices). However, you can be creative in describing how the device may be used. Think science fiction. To provide an example, the first device has been provided for you. NOTE: An input device enables a user to enter data into a computer system.

>> If you do NOT understand any part of the instructions – ASK the instructor before it is due.

**Instructions:** (25 points maximum):

1. Download the **Input Devices Form**. It is a Word document.  
Save the file with the new name **YourLastName YourFirstName Input Devices**  
Replace YourLastName YourFirstName with your actual first and last name.
2. List nine (9) input devices you might find in a future Wal-Mart
  - The first of ten has been completed as an example -  
you are to complete the remaining nine (9).
  - The input devices you choose **MUST** be described in the textbook
  - You **cannot** make up your own devices
3. For each device type:
  - i. The name of the device
    - Remember:  
Input devices you choose must be described in the textbook  
You cannot make up your own devices
  - ii. A short description of each input device based on the textbook what the textbook states about the device
  - iii. A short description of how the input device may be used in a future Wal-Mart
    - Be creative in describing how the device may be used. Think science fiction.

### RUBRIC

- A. Rename the form to YourLastName YourFirstName Input Devices
- B. For each of the 9 input devices
  - a. Input device name (2)
  - b. Description of the device (4)
  - c. How the device will be used at WalMart in 50 years. (4)
- C. Correctly use the provided form
- D. Quality: Spelling, grammar, completeness (potential deductions)
