

General Enterprising Tendency v2 Test GET2

GET2 Enterprise rating: [more »](#)

Highly enterprising

The overall GET2 result score of **87%** suggests that your enterprising tendency is high. This means that you have a tendency to start up and manage projects; this could be your own business venture, within your employing organisation or your community. You may recognise the following qualities in yourself:

- You have a strong need for achievement;
- You like to be in charge;
- You will seek opportunities and use resources to achieve your plans;
- You believe that you possess or can gain the qualities to be successful;
- You are innovative and willing to take a calculated risk to achieve your goals successfully.

The most enterprising people set up projects more frequently, set up more innovative projects and are more growth-oriented which means that they are opportunistic and good at utilising resources, including human, technological, physical and organisational resources.

Need for Achievement [more »](#)

Your need for achievement is high. This means that you may have the following qualities:

- An orientation towards the future;
- Reliance on your own ability;
- An optimistic rather than a pessimistic outlook;
- A strong task orientation;
- Effective time management;
- Results-oriented with yourself and others;
- Restlessness, driven and energetic;
- Opinionated in defence of your ideas and views;

- Determination to ensure your objectives are met even when difficulties arise;
- Responsible and persistent in pursuit of aims;
- Oriented towards challenging but realistic goals;
- Willingness to work long and hard when necessary to complete tasks.

You may need to be careful about maintaining your work life balance and in particular taking care of your health and important relationships in your life.

Your results suggest you are both highly enterprising and that you have a high need for achievement, suggesting that you are interested in considering business or enterprising ideas with potential for growth, expansion in global as well as local context.

Need for Autonomy [more »](#)

Your need for autonomy (or independence) is high. This means that you may have the following qualities:

- Independence, preferring to work alone especially if you cannot be top dog;
- Self expressive, feeling a strongly need to do your own thing your way, rather than work on other people's projects;
- Individualistic and unresponsive to group pressure;
- Leadership, preferring to be in charge and disliking taking orders;
- Unconventional, and prepared to stand out as being different to others;
- Opinionated, having to say what you think and make up their own mind about issues;
- Determination, strong willed and stubborn about your interest.

This score suggests that you like to take charge of projects that you are involved with, and you may not like working for other people. You may need to work at developing good relationship skills with clients, employees, suppliers and authorities since this is important even in very small business or enterprises.

Creative Tendency [more »](#)

Having a medium score, this suggests you probably might prefer to consider tried and tested enterprising ideas that are more straightforward to implement and which fit in with your lifestyle rather than radical, disruptive innovations.

Your results suggest you are highly enterprising, but that you do not have high creative tendencies. This suggests you would probably be happiest with 'tried and tested enterprise ideas', such as plumbing services, dentistry, hairdressing etc. If you wished to establish a more innovative enterprise then you might like to consider developing your own latent creative skills. You might be one of those busy people who do not think about your creative ideas because you are so busy getting things done! If so more relaxation may be important to allow your creative ideas to emerge from unconsciousness, Alternatively you could seek an innovative partner in your enterprise.

Calculated Risk Taking [more »](#)

You scored high for calculated risk-taking. This means that you may have the following qualities:

- . Decisive, being able to act on incomplete information and good at judging when incomplete information is sufficient for action;
- Self-awareness with the ability to accurately assessing your capabilities;
- Analytical, being good at evaluating the likely benefits against the likely costs of actions;
- Goal-oriented, setting yourself challenging but attainable goals;
- Effective information management, using information to calculate the probability that your actions will be successful.

You are very good at sizing up opportunities and filtering information to help you take calculated risks.

Locus of Control [more »](#)

You scored highly in having an internal locus of control. This means that you may have the following qualities:

- Opportunistic, seeking and taking advantage of opportunities;
- Self-confidence with the belief that you have control over your destiny and you make your own luck, rather than being controlled by fate;
- Proactive, taking personal responsibility to navigate problems that arise to achieve success on your terms;
- Determination and express a strong willed control over life;

- Self belief, equating the results achieved with the effort you make.

Having an internal locus of control means that you confidently seek to exert control over your life, drawing on your inner resources rather than depending on others. You strongly believe that your personal qualities and efforts will determine your success in life.
